

Cookie policy

April 2020 version

WONDER IN PROGRESS, S.L., (hereinafter, the “**OWNER**”) informs, through this Cookies Policy, about the use of data storage and recovery devices in terminal equipment of the Users.

1.- What are cookies?

Cookies are files or files that are downloaded to the User’s computer/smartphone/tablet when accessing certain web pages and applications that allow the User’s browsing preferences to be stored, causing the interaction between the User and the Website or the App. be faster and easier.

The information collected by cookies is anonymous and does not contain any sensitive information since they do not collect data that can personally identify the User. In any case, the User may access the settings of their browser to modify and/or block the installation of Cookies sent from the Website or the App, without preventing access to the contents.

2.- What does the OWNER use cookies for?

In accordance with Recital 30 of the General Data Protection Regulation (“RGPD”), the Website and the App use cookies or other devices for storing and retrieving information to track the interactions of Users with the services. offered on the Website and the App.

Cookies allow the recognition of a User’s browser, as well as the type of device from which the Website or the App is accessed, and are used to facilitate the User’s next visit and make the Website and the App more useful.

The HOLDER uses cookies to:

- Optimize User navigation by monitoring the session.
- Collect information to optimize navigation and improve the Website and the App.

The Website and the App use the following types of cookies:

Mandatory: Cookies strictly necessary to provide a service or content requested by the user. These are responsible for technical aspects such as identifying records and managing tool preferences in the use, interaction and location of access to content.

stripe_mid and stripe_sid / For managing subscriptions with the Stripe platform. They expire in April 2021

Statistics/analytics: These cookies collect information related to the use of the page such as page permanence and the content visited by readers to measure its performance and improve navigation.

The main objectives pursued with this type of cookies are:

Allow the anonymous identification of the Navigating Users and therefore the approximate accounting of the number of visitors.

Anonymously identify the most visited content.

Know if the User you are accessing is new or repeat visit.

The analytical cookies used on the Website and the App are detailed here: [GoogleTagManager](#) and [Google Analytics](#)

Advertising Personalization: These cookies obtain information from the user's navigation to manage advertising spaces and offer more relevant and quality content for them based on their tastes.

3.- How to disable cookies?

These settings are found in the footer of the Website and the App. In addition, all browsers allow you to make changes to disable cookie settings. This is the reason why most browsers offer the possibility of managing cookies, to obtain more precise control over privacy. These settings are located in the "options" or "preferences" of the menu of your browser.

Below, you can find the links of each browser to disable cookies by following the instructions:

Internet Explorer (<https://goo.gl/iU2wh2>)
